VOTING IN WAKEFIELD, ELECTIONS AND POLITICAL ORGANIZATIONS

Prepared by the League of Women Voters

To Be a Voter, a Person Must Be

an American citizen (native-born or naturalized)
18 years or more in age
a resident of Massachusetts
a resident of Wakefield

To Register as a Voter, a Citizen Must

appear in person before an authorized Registrar of Voters

When and Where to Register

9:00 A.M. to 5:00 P.M. Monday through Friday in the Town Clerk's office. 7:00 to 8:00 P.M. Tuesday evenings in the Town Clerk's office by appointment. Or at especially designated places in precincts, within two weeks of the closing of registration, scheduled by Board of Registrars and announced in the Wakefield Item.

One can register to vote at any time except on election days, but to vote in the State or Presidential Primaries or State Election one must register at least 28 days before the date of the election and at least 20 days prior to the Town Election.

Registration is permanent unless a voter moves to a new city or town or changes name by marriage. However, failure to respond to the Annual Census may result in being dropped from the list of Registered Voters, per Chapter 51 — Section 4. A voter, moving from one precinct to another within the town, should immediately notify the Registrars of the changes to assure being able to vote in the new precinct, otherwise he must vote in his former address.

Registrations are administered by the Board of Registrars. The Board is composed of three citizens, appointed for three year terms by the Board of Selectmen, and the Town Clerk, who by virtue of his office, serves as clerk of the board.

Polling Places

1. Precinct 1 — Americal Civic Center
2. Precinct 2 — Greenwood School
3. Precinct 3 — Americal Civic Center
4. Precinct 4 — Hurd School
5. Precinct 5 — Franklin School

Local elections are held annually on the first Monday in March to elect certain officials and members of boards for their respective terms.

Local elections are non-partisan. Write-ins are permitted, and absentee voting is allowed in local elections.

To Become a Candidate for Local Office a Citizen Must . . .

be a registered voter

secure nomination papers from the Town Clerk (one set of papers for each office to appear on the ballot)

obtain signatures of 50 registered voters

*submit nomination papers with the Board of Registrars for certification 42 days before the Town Election. File with the Town Clerk by 5 p.m. on the 28th day before the Town Election.

This places the candidate's name on the ballot officially, providing the papers are properly certified

The Town Clerk administers election. The Board of Selectmen annually in August appoints election officers to supervise voting at the polls. These include six wardens and six clerks.

To Join a Political Party . . .

A voter must declare his party choice as he enters the polls to vote in the primary elections.

To Change or Cancel Party Enrollment . . .

A voter may either appear in person or use the postal system to change his Party Designation. This may be done any time.

A party member is eligible to be a delegate to his party conventions. Membership on the town Democratic and Republican Town Committees is determined by ballot every four years at the Presidential Primary. A non-party member is called an "un-enrolled" voter.

The Annual Report of the Town Officers is published each year and is available at the time of Town Meeting and also at the public library. The report includes all financial data pertaining to the costs of town operating expenses.

Procedure of Town Meeting . . .

The Moderator, an elected town official, presides at town meetings. He begins by reading the call for the meeting. Usually a motion is made to waive further reading of the warrant (with the exception of the constable's return which the law demands be read) and the motion is carried. Articles in the warrant are taken up in order as they are printed in the warrant unless it is requested by a two-thirds vote that they be taken up otherwise.

The recommendations of the Finance Committee are given before voters discuss or act upon an article. For the annual town meeting, these recommendations are available a week to ten days before the meeting in booklet form, called "Annual Appropriations," and may be obtained at the Selectmen's Room at Town Hall.

Following the Finance Committee's recommendations or the recommendations of such department as may be permitted to make recommendations, the sponsor of the article is usually allowed to present his case. The voters may then debate the question according to rules of parliamentary procedure prescribed by the town's bylaws such as:

—Stand, address the moderator, give name and address clearly, confine remarks to the question under debate and avoid personalities.

—Speak for not more than 10 minutes at any one time, unless granted permission by the meeting. No voter may speak more than once on any question if other voters desire to be heard, and no voter may speak more than twice on the same question without permission of the meeting.

—Speak not more than two minutes on any one of the following motions:

Motion to adjourn

Motion to lay on the table

Motion to take from the table

Motion to put the previous question

(These motions only are in order when a question is under debate. Total time allowed for debate on each motion is six minutes.)

A two-thirds vote of the assembly is necessary on a motion which requires a bond issue. A vote may be reconsidered at the same session or at adjourned session upon two-thirds vote of the assembly. The Moderator may request a voter to put his motion in writing. Should seven voters doubt the accuracy of the Moderator's count of hands on a motion, tellers are appointed to make the count. The Moderator clarifies motions when they are especially complex.

Conduct at the town meeting is further governed by the rules of practice, that they are pertinent to town meetings, in Cushings' Manual of Parliamentary Procedure.

The Town Meeting Warrant and the Annual Report*

The warrant is composed by the Selectmen, with articles being entered by request or petition. Individual voters may have an article inserted by petition. The Selectmen receive all petitions for the warrant, except those having to do with sidewalks, drainage, sewers and streets which must be submitted to the Board of Public Works. Signatures of ten or more registered voters are required on articles for annual town meetings; 100 signatures are required for articles filed by citizens in warrants for special town meetings. Signatures on petitions must be substantially as the voters' signatures appear on the voting list. Voters may request the advice of the Town Counsel in drawing up an article. Customarily, public announcement is made of the opening and the closing dates of the warrant. Citizens, however, may take their petitions to the Selectmen at any Board meeting during the year and the Selectmen will hold such articles for insertion in the warrant for the next town meeting. Department heads enter their articles by the process of request.

*Town Meeting Warrant — A collection of articles presented by departments, committees and voters for consideration by voters at an annual or a special town meeting.

Report of the Board of Selectmen

At the Board's organizational meeting, following the Annual Town Meeting in March, James M. Scott was elected Chairman, and Charles R. Curley was elected Secretary. The other members of the Board are William F. Cass, Thomas A. Mullen, and Paul V. Wheeler.

The powers, duties and responsibilities of the Board of Selectmen are broadly diversified in hundreds of sections of law applying directly to Selectmen.

The Town operates under the Board of Selectmen — Executive Secretary plan of municipal administration; which plan maintains the Selectmen in their traditional role as the elected directors of the municipality and provides for an administrator to carry out administrative assignments within a policy framework established by the Board of Selectmen.

The broadly diversified powers, duties and responsibilities of the Board of Selectmen affect the functioning of all Town departments, and central coordination is essential to an effective and efficient municipal administration.

The necessity for effective liaison and representation between the Town, the Federal Government, the State Government, and metropolitan agencies continues to be increasingly complex and demanding. The Town's active participation is necessary to the Town's responsible representation in an area of significant socioeconomic impact.

The Fire and Casualty Insurance Program which extends to all municipal departments, and provides for various types of required protection, amounted to a premium cost of \$307,351.00. The Workers' Compensation Insurance Program extends coverage to all insurable departments of the Town at a premium cost of \$254,970.00.

The Group Insurance Program of medical, surgical, hospitalization, and life insurance benefits, authorized for Town employees by referendum action in March, 1958, and extended to cover employees who retired after original acceptance of the legislation, which provided group insurance benefits to Town employees (Chapter 595, Acts of 1959), continues to present the best features of any plan of protection for Town employees. There are presently 461 active employees, 253 pensioners, and 130 optional medicare members in Blue Cross/Blue Shield; 651 active employees, and 292 pensioners in the life insurance program; 143 active employees, and 6 pensioners in the Harvard Health Maintenance Organization. The gross premium cost amounts to over \$2,562,972.00, of which amount the Town contributed \$273,947.00.

Chapter 763 of the Acts of the year 1965, became effective on February 16, 1966, which constituted enactment of collective bargaining for municipalities. Municipal employers are prevented from (a) interfering with the right of employees to organize for the purpose of collective bargaining, and (b) dominating or interfering with any employee organization, (c) discharging or discriminating against any employee who testified before the State Labor Relations Commission on a specific proceeding, (d) refusing to bargain collectively in good faith with a designated exclusive bargaining agent, and (e) refusing to discuss grievances with the bargaining agent. The statute states "the municipal employer shall be represented by the Chief Executive Officer, whether elected or appointed, or his representative or representatives." It has been determined that the Board of Selectmen is the Chief Executive Board in towns for the purpose of this statute, except as to School Depart-

ment personnel. This legislation continues a costly and complex impact on municipal administration in Massachusetts.

Chapter 1078 of the Acts of the year 1973 has identified municipal labor contract negotiations as a matter of serious fiscal consequence. The Board of Selectmen has long recognized the necessity for professional representation at the bargaining table, and has continued to engage specialized legal services in this important relationship.

The Board observed with regret the deaths of the following active and retired employees:

Mae Sederquest — School Cafeteria
 Timothy Fitzgerald — Public Works
 William Hovey — Police Department
 Arnold Muise — School Custodial
 Anthony Lapery — Public Works
 John M. Riley — Fire Department

Report of the Wakefield Historical Commission

During the past year the Historical Commission was primarily occupied with acting on many of the recommendations set forth in "Preserving Wakefield — A Plan for Action" which was drafting during the previous year.

To lead off in these efforts, it was arranged to have consultants and Boston University graduate students complete the research and draft the detailed texts required to nominate historical sites in Wakefield for the State and National Historical Registers. Some 89 individual sites and four historical districts with 72 additional sites will complete the required nomination cycle when they are formally placed before the Massachusetts Historical Commission in June of 1988.

Other activities included the careful recording of the old ice house on Spaulding Street prior to its demolition; a written report with photographs and measured plans and elevations will be completed shortly.

The Commission is also working on a possible new Demolition Bylaw designed to preserve and restore (rather than demolish) our historic old buildings, and the completion of the neglected Oral History project.

Report of the Board of Appeals

The Wakefield Board of Appeals, a quasi-judicial body, operates under the Zoning Bylaws of the Town of Wakefield and under Chapter 40A of the General Laws of the Commonwealth of Massachusetts. The Board is comprised of three members and three alternates, all appointed by The Board of Selectmen.

The year 1987 was an especially busy year for the Board of Appeals. In addition to the numerous requests for variances and special permits, the Board of Appeals also heard two (2) requests for Comprehensive Permits under Massachusetts General Laws, Chapter 40B, for the construction of condominium units in accordance with the Massachusetts Housing Partnership-Home Ownership Program. The first Petition for a Comprehensive Permit was filed by the Erica S. Partnership and concerned property on Linden Street in Greenwood, and the second Petition was filed by Meadowview Estates (Adel Fadili) for property on Aldrich Circle and Aldrich Road. Each of these Petitions were denied by the Board of Appeals, and each has been appealed by the Petitioners to the Massachusetts Housing Appeals Committee.

Attorney Mark M. Curley continued to serve as Chairman of the Board during 1987, and Attorney James E. Caffrey served as Alternate Chairman. Other Board members are James H. Sen and Franklin J. Fotino. Alternates are Richard Ellis and Walter Howlett. Mrs. Ethel Bisacre served as Secretary.

Respectively submitted,

MARK M. CURLEY, Chairman

JAMES E. CAFFREY, Alternate Chairman

JAMES H. SEN, Member

FRANKLIN J. FOTINO, Member

RICHARD ELLIS, Alternate

WALTER HOWLETT, Alternate

Report of Wakefield CATV Advisory Committee

This Committee is appointed by the Board of Selectmen to review the contract between Warner Cable Communications and the Town. The Committee's responsibility is to oversee Cable TV issues on behalf of the Town and the subscribers to Warner Cable, including rates, public and educational access and to assist in programming decisions.

The Committee maintains P.O. Box 1710 in order to receive subscriber complaints and mail concerning public access programming. Warner reported approximately 5800 subscribers in December of 1987.

1987 began with a rate increase. 1988 will begin with another.

The Committee met fourteen times in 1987. The primary concern of the committee was preparation for the transfer of the Water Street Public Access Studio from Warner to the Town through a proposed non-profit corporation or Town entity. Many sessions involved the gathering of information on the expenses of running the studio. These negotiations are to begin in early 1988.

There were many concerns regarding the operation of the Public Access Studio. Both the Public Access Director, Sally Green, and the Educational Access Director, Mark Kelsey, resigned during the year. The Committee renewed its Classic Movies series with 26 motion pictures shown Monday through Friday on Channel 14. The Committee requested Warner to place the Discovery Channel on the basic service to the subscribers. This channel replaced the Sherbrooke, Quebec station on Channel 51 in January, 1988.

Subject to approval by the Board of Selectmen, the Committee disburses funds for various projects and equipment from the Local Programming Fund, this fund receives \$15,000 in a lump sum each year from Warner.

The Committee again thanks Dr. Robert Bennett for his technical advice. Selectman Thomas Mullen is the liaison from the Board of Selectmen.

Report of the Personnel Advisory Committee

The Personnel Advisory Committee (PAC), established in 1978, presently consists of five members appointed by the Moderator.

The PAC's role is to provide personnel policy recommendations and guidance to the Board of Selectmen and the Personnel Administrator as well as reviewing policy guidelines with respect to collective bargaining.

The Committee continues its active involvement in the Town's collective bargaining process. The Town of Wakefield, excluding Schools, negotiates with seven employee unions representing more than 90% of the total eligible Town employees.

Report of the Town Planning Board

The Planning Board is an elected five member Board. It has jurisdiction over the subdivision of land and the regulation of the use of land. It is also charged, by the Massachusetts General Laws, with engaging in long term planning.

The Planning Board was extremely active in 1987 dealing with a variety of issues in addition to its more routine responsibilities.

The Board held 20 regular meetings and 6 public hearings; it approved 3 preliminary subdivision plans, 6 definitive subdivision plans and 15 subdivision approval not required plans. Acting as the Board of Survey, the Board approved 2 board of survey plans.

With the assistance of John Brown Associates of Cambridge, the Board completed and circulated a draft Master Plan revising and updating the Town's 1961 Plan. The Board also continued working on a completely reorganized and modernized draft of the Zoning Bylaws. In November, the Board began work on a revision of the Town's Sign Bylaw.

Jointly with the Board of Selectmen, the Board appointed a committee to conduct negotiations with American Mutual Insurance Company and the Beal Interests regarding a large development planned at the American Mutual site at the head of Lake Quannapowitt.

In October, the Board applied jointly with the Board of Selectmen for State funds to hire a Director of Planning and Community Development.

During the year the Board was requested to provide input on two controversial requests for Comprehensive Permits under Ch. 40B of the Massachusetts

General Laws. The Board vigorously opposed the request for a development in the Linden Street area and the Board expressed many reservations as to the other request for a development in the Chapman Park area off of Salem Street.

The membership of the Board underwent a great deal of change during the year. In January, Attorney Judith Babb was appointed to fill the seat vacated by Quirino M. "Bud" Iannazzo. The Board was saddened by the untimely passing of Vice-Chairman Vincent J. Cardillo, a former Chairman and long time member. Mr. Cardillo contributed a great deal to the Board for years; his views and friendship will be greatly missed. In September, Mr. Richard G. Phipps was appointed to fill the seat vacated by Mr. Cardillo. In the fall, the Board's consulting engineer, Mr. James Abely, resigned and the Board commenced interviewing for a replacement in December. The Board wishes to thank Mr. Abely for his dedicated service and his willingness to pass his extensive knowledge on to ever-inquiring Board members.

In the annual Town Elections, Attorney Judith Babb was elected to a full five year term. At its reorganization meeting, Attorney J. Edward Surette, III was unanimously elected to serve as Chairman; Vincent J. Cardillo as Vice-Chairman and F. Michael Nardone as Secretary. During a subsequent reorganization meeting, Attorney Judith Babb was elected to serve as Vice-Chairperson.

Report of Conservation Commission

Well over 50 individual projects or requests were received and acted on by the Conservation Commission in 1987. This has required the Commission to step up its practice of meeting on alternate Mondays to weekly sessions during the later half of the year in order to handle its heavy work load. In addition, on many Saturdays the Commission conducted site visits to projects under review, and the Chairman responded to numerous telephone requests.

Agenda items included about 15 Notices of Intent, a number of requests for Determination of Applicability, and public hearings followed by the writing of Orders of Condition on approved projects. The Commission, also, issued several enforcement orders and responded to requests from the DEQE on two appeals which are still pending. On several occasions, projects abutting Wakefield, particularly in Stoneham and Reading, have required investigation and comment/action by the Commission.

Working closely with the Open Space and Recreation Advisory Committee (a volunteer group formed to implement recommendations of the 1986 Open Space Plan), the Commission spent several work sessions with the OS bylaw subcommittee under its chair, Joseph Calabresi. The final draft of a local wetlands bylaw for Wakefield will be presented for Town Meeting action in May, 1988 after a formal public hearing is conducted. The Open Space Lakes Subcommittee under its Chair, Margaret Leshen, drafted a 7-point recommendation to the townwide Lakeside Advisory Committee regarding the development of the former American Mutual property by the Beal Interests. The Trails Subcommittee under Chair, Paul Richards, made recommendations on the further clean up and additional trails work needed at Reedy Meadow. The Commission is grateful for the summer work performed by members of Scout Troop 703 who were seeking merit badges for rank advancement.

Future plans of the OSRA Committee include a cable TV program on the clean up of Lake Quannapowitt, cooperation with the Recreation Commission on a site for a new soccer field, and the formation of an Acquisition Subcommittee with input from various neighborhood groups for the purpose of extending and protecting open spaces and resource areas in Wakefield.

The commission heartily endorses the work of the newly formed Conservation Advocates of Wakefield (CAW) under the direction of Kristen Henshaw and Gretchen Giuffre which organized and conducted over a dozen walks during the summer through Reedy Meadow, Crystal Lake and the Town Forest. The BPW has graciously given CAW permission to allow limited public access to the Crystal Lake Watershed and the Town Forest for hiking and birdwatching. CAW is also working with the schools on conservation projects.

In June the Commission participated in the Festival-by-the-Lake sponsored by the WCNA. A video on the Town Forest produced by Michael Pierce, was shown, and displays included an open space map of Wakefield, photographs of Reedy Meadow and other maps and conservation materials. Donations at the booth added to the Conservation Fund. The fund was also enriched in May when a group of citizens co-sponsored the paper drive on Easter Sunday. The fund is used principally for conservation land acquisitions, improvements and related expenses.

Conservation members attended the annual meeting of the Massachusetts

Association of Conservation Commissions in March, and various regional and state workshops during the year including one explaining the new wetlands wildlife regulations.

The Commission has accepted with gratitude the gift of an acre of land off Salem Street from Joel Larson.

The resignation of Robert C. Brownson was received by the Commission with regrets due to his moving to Florida. On March 5, Birlyn D. Flint, Jr. was appointed by the Board of Selectmen to fill this vacancy. Ruth Fernald joined the Commission in November as recording secretary. Her services are greatly needed.

Finally, the surprise announcement on January 4, 1988 of the resignation of Chairman, Gene Giuffre, was received with sadness. His strong commitment to conservation and preservation of open space in Wakefield, his fairness, patience and independent, sound judgment were evident during his entire four and a half year tenure. Gene served the Town well, and his departure from the Commission was expressed as a genuine loss by his fellow commission members. Frank J. Luciani, Jr. was unanimously elected as interim chairman.

Respectfully submitted,

GENE P. GIUFFRE, Chairman

PERSONNEL

In 1987 the Wakefield Fire Department consisted of a Chief, five (5) Captains, four (4) Lieutenants, and forty-two (42) Firefighters. This total is two (2) Firefighters less than what the Department consisted, prior to proposition 2½ in 1981.

One of the above Captains is the Fire Prevention Officer. The Department works a forty-two (42) hour work week comprising of four (4) groups, two groups consisting of thirteen (13) men and two groups consisting of twelve (12) men.

In order to provide a more effective fire ground operation, I will be requesting the necessary funds for two (2) men in order to restore all groups to thirteen (13) men.

Firefighter Morton Holloway retired from the Department on January 4, 1987 after twenty (20) years of dedicated service.

Daniel Sullivan was appointed on January 27, 1987 to fill the vacancy of Firefighter Holloway.

SUMMARY

The Fire Prevention Division had a very busy 1987, mostly due to the large amount of new construction occurring in Town, and the Number of State Laws and Codes that have been instituted through the local Municipal Fire Departments.

Other than our routine inspections, quarterly inspections of Hotels and Nursing Homes and Supervising Fire Drills, some notable accomplishments during 1987 include:

- (1). Passage and implementation of a New Local "Fire Lane" Bylaw, and acceptance of Massachusetts General Laws Chap. 148 Sect. 26H, the "Rooming House Sprinkler Law."
- (2). Development and passage of a joint Police-Fire Alarm Bylaw. Implementation will proceed on this project during 1988.
- (3). We are actively enforcing the Massachusetts Strict Underground Fuel Storage Tank Regulation for Registration and Testing, an effort that will continue into 1988.
- (4). Public Education continues a top priority of this Department. Many successful Public and School Fire-Safety Programs were presented in 1987, and as we look to 1988, we hope to institute a well-structured School Program and expand our Public Sector efforts to Cable T/V.
- (5). The Administrative records and procedures of the Fire Prevention division were revamped during 1987, and we look forward to "Going Computer" in 1988.

Finally, a special thanks goes to 128 Mazda-Olds of Wakefield who have provided this Department with a courtesy automobile for Fire Prevention and Fire Safety Education purposes.

TRAINING

The Department Schedules Daily Training Programs on various Fire Department Operations.

Eighteen Department Members completed a refresher course for Emergency Medical Technician Recertification.

A course in Cardiopulmonary Resuscitation (CPR) for all Department Members was conducted during the year as required under the First Responder Law.

Firefighter Daniel Sullivan completed a seven weeks Recruit Training course at the Cambridge Fire Department Academy which was sponsored by the Massachusetts Fire Academy.

A Safety Program on Electrical Wires and Equipment which was sponsored by the Wakefield Municipal Light Dept. was given Department Members by Safety Engineer Jack Fenton.

A Course in Communicable Disease and Protection was given by Denise O'Conner from the Melrose-Wakefield Hospital.

Department Members attended courses conducted by the Massachusetts Academy in Pumps and Hydraulics, Hazardous Materials, and Elevators.

FIRE ALARM FIRE — POLICE — TRAFFIC

The Fire Alarm System has been maintained during the year with seven new master Fire Alarm Boxes added to the system. Overhead and underground wires continue to be replaced on a yearly basis for the entire signal system.

Traffic lights have been maintained along with knock downs and vandalism repaired.

The new Main and Water Street Traffic Light installation will soon be a reality with the engineering complete and construction to be completed in 1988.

APPARATUS & VEHICLES

1987 Ford LTD
1986 Mack 1250 GPM Pumper
1980 Ford Pick-Up
1979 Mack 1,000 GPM Pumper
1975 Maxim 1,250 GPM Pumper
1975 Maxim 100' Aerial Ladder
1960 Mack 750 GPM Pumper (Reserve)
1956 Mack 750 GPM Pumper (Reserve)

In the 1987-1988 Fire Department Budget \$20,000 was appropriated to be used to purchase a used Pumper that can be used in a reserve capacity and be more dependable and reliable than our present reserve Pumps which are thirty-one and twenty-seven years old. In order to achieve the type of pumper we are seeking, it may require an additional \$5,000-\$10,000 before we can obtain this necessary apparatus.

I am requesting that the 1975 Maxim 100' Aerial Ladder be refurbished in F.Y. 89 so that this piece of apparatus can provide the Town with seven-eight more years of dependable service.

Mr. Henry Rufo serves as Master Mechanic in the maintenance of Fire Department apparatus and equipment.

I wish to express my sincere thanks and appreciation to all Department Members and Auxiliary for their co-operation and assistance during the year 1987.

Respectfully submitted,
WALTER V. MALONEY, JR.
Chief of Fire Department

Report of Forest Warden

During the year 1987 there were a total of 88 woods and brush fires.

Report of Director of Civil Defense

The Civil Defense Department continues to function under the general direction and control of the Board of Selectmen, as is required under the provisions of Chapter 639 of the Acts of the year 1950.

The Auxiliaries of Fire and Police continue under the jurisdiction of the Chiefs of Fire and Police. Operation of the Civil Defense Rescue Truck has been available for both Fire and Police calls.

The Director and all members of the Auxiliaries serve on a volunteer basis. Throughout 1987 both Auxiliaries worked in close cooperation with the Fire and Police Departments.

Respectfully submitted,
WILLIAM P. HURTON
Director of Civil Defense

The Wakefield Board of Health during the year 1987 has continued to focus on health prevention through immunizations, public clinics and through the immunization/health program for the Town citizens.

A Flu Clinic was held in October of 1987 throughout the Town. There were 1550 flu vaccine doses administered to the citizens of the Town at various locations.

Distribution of 7268 various other vaccines such as polio, measles, mumps, rubbella, etc. were administered to Wakefield citizens. This represents a decrease of 348 doses or 5% decrease from 1986.

The Board of Health continues to address important environmental issues i.e. mosquito programs was reintroduced focusing on water management and limited amount of spraying. These activities will continue with the continuing support of the citizenry.

Report of Wakefield Housing Authority

In accordance with Chapter 121B, Section 29, of the General Laws of the Commonwealth a copy of this Annual Report is sent to the Executive Office of Communities and Development, to the Board of Selectmen of the Town of Wakefield, and to the office of the State Auditor.

The Commissioners and the expiration of their terms of office are as follows: Four members of the Authority are elected to serve for terms of five years each. One is appointed by the Governor:

Chairman, Rev. Dr. Robert Cruickshank,* 2 Scott Lane	June, 1992
Vice Chairperson, Scott Robertson, 27 Yale Avenue	March, 1991
Treasurer, Arthur J. Rotondi, Jr., 4 Newell Road	March, 1990
Assistant Treasurer, Mary S. Sweeney, 21 Salem Street	March, 1989
Commissioner, Francis A. Langone, 15 Chestnut Street	March, 1992

*State Appointee

Board meetings are held on the third Tuesday of each month in the main office of the Authority at 26 Crescent Street and the annual meeting is held on the fourth Tuesday in March.

The Authority owns and manages three elderly housing developments: 116 apartments at Hart's Hill, completed in 1964 and 1970; 25 apartments at Lincoln School House, completed in 1981; and 40 apartments at Crystal View, completed in 1980. In 1982, the Authority purchased three houses in Wakefield which now provide homes for eight low income families. The two programs of rental assistance, 707 funded by the Commonwealth and Section 8, funded by the Federal Government, assist approximately 165 families both in Wakefield and, where authorized, in other cities and towns.

The Authority oversaw the renovation of 5 Chestnut Street and provides 12 of the residents with 707 rental assistance. The Department of Mental Health pro-

vides ongoing support services to the residents. The Housing Authority bought the Camp Sanders Girl Scout property which abutts the Hart's Hill development and is currently working on a master plan to determine the optimum configuration for future housing development.

Administration staff include Katherine S. Maloney, Executive Director; Mary Gallucci, Leased Housing Coordinator; Gail Evangelista, Administrative Housing Manager; Betsy Walker, Bookkeeper; and Jacquetta Lowry, Secretary. Burl Whelchel, Eugene Ruggiero and Mario Gallucci maintain the properties at Hart's Hill, Crystal View and Lincoln School House. Beth Greenberg is the Tenant Services Director and Marguerite Brown and Esther MacPherson provide Homemaker Services to needy Housing Authority residents.

As there continues to be a demonstrated need in Wakefield for affordable housing, the Authority will continue to actively seek housing resources, to develop housing alternatives, and to provide housing opportunities which will be of benefit to the constituency we serve.

Report of The Recreation Commission

We are happy to report that 1987 was a very successful year for the Recreation Department. A great deal of progress was made in developing facilities, expanding programs, improving services, and planning for the future.

The Recreation Commission members voted as Chairman, George Koulouris for the fifteenth year, as Vice Chairman, William J. Boodry, Jr. for his twelfth year, and appointed Roger G. Maloney as Director for his seventeenth year. Christine Gargano was appointed a new member replacing long time member Pierre Lamy who gave many hours of his time for the betterment of Recreation in Wakefield. Ms. Leeca Brown-Alasti was appointed Secretary to the Board. Again this year, the office was located in the basement of the Town Hall and Arlene Curran served as Summer Secretary.

1987 reflected a complete change in our summer program. For the first time a fee was charged for participating in the programs and sports week clinics. A week of registration was held and enrollment was limited to each program. The response of the community to this new program and format was tremendous. New programs offered were gymnastics, bike trips, floor hockey, girls' softball and soccer. The very popular summer concerts on the Common were brought back with the help of the Arts Lottery and the very successful Theatre on the Green presented the Little Red Wagon for the kindergarten and elementary aged children.

Some of the improvements to our facilities during the season consisted of: Sullivan Park entrance road surfaced and the water service replaced, new repair to fencing and guardrail was installed to the parking lot at Sullivan, bleachers were

repaired at Mapleway and Nasella along with crowd fencing. Yeuell basketball rims and standards were replaced and the team benches repaired, Nasella back diamond fencing was restored, storage doors at Col. Connelly was replaced to correct the vandalism problem and new sand was delivered to Col. Connelly beach and the tot lot at Moulton Park. All new water fountain heads installed at the beginning of the spring at all playgrounds and fields. The Recreation Department was successful in sponsoring a lighting article at the Town Meeting to improve the lights at Veterans Tennis Courts, J.J. Round Basketball Court and the Junior High Soccer field.

It is the Commission's priority to secure more state and federal grants for large open space recreational use and improvements in parks and playgrounds of the Town.

The Recreation Department is the central permitting department for the utilization of all outside facilities such as playing fields and tennis courts, plus picnic areas. The Department will stand ready to serve and provide requested services as best it can within the fiscal restrictions.

We will continue to work closely with the many various sport groups in the Town as well as total coordination and cooperation with the Board of Public Works and the School Department.

The Wakefield Recreation Department's most important long-term goals are to expand and improve the recreational opportunities for the Wakefield citizens of ages and abilities. The recreation staff members are constantly evaluating the Department's services and programs, trying to develop new ideas, attempting to operate more efficiently, and trying to serve the recreational needs of the people of Wakefield in the best way possible.

As your Director, I would like to say that I have tried to have the Wakefield Recreation Department remain steadfast and committed to its primary long-range goal, which is to help Wakefield residents enrich their lives by using their leisure time productively. In pursuit of this goal, the Department has sought to promote recreational opportunities that enhance the physical and mental health of individuals of all ages and provide facilities that are safe, attractive and functional. I would also like to give a hearty note of appreciation to the present board members who have donated their time and talents to recreation for the Town of Wakefield, especially for the leadership of our Chairman George Koulouris and our Vice Chairman William Boodry along with various employees for the cooperation during the past year.

Report of The Director of Public Works

As required by Chapter 48 of the Acts of 1950, an Act authorizing the Town of Wakefield to establish a Board of Public Works, I respectfully submit a report of the work accomplished in 1987 with thoughts for the future.

1. An implementation grant has been received from the Department of Environmental Quality Engineering for the improvement of water quality in Lake Quannapowitt. A weed harvester has been purchased under this grant and was used in the fall of 1987 with some success. It is anticipated that a harvesting program will be carried out in future years. A contract was awarded to the environmental engineering firm of Camp Dresser & McKee, Inc. for \$217,000 to design the improvement and to conduct an Environmental Impact Report.

2. The Massachusetts Water Resources Authority (MWRA) completed their new sewer pumping station on Redfield Road and dedicated it as the "Allison C. Hayes Wastewater Pumping Station" on June 16, 1987.

3. The MWRA's water division also completed Wakefield's second connection through Stoneham — connecting to Wakefield's system on Albion Street at the Stoneham line. Although the pipeline has been completed, it is not expected that Wakefield will turn on to that system until April of 1988.

4. The house-to-house inspection for sewer inflow into the main system is expected to start in late spring or early summer of this year. This will, hopefully, lead to the elimination of extreneous water in our sewer system and cut down on wet weather surcharging problems.

5. The Main Street reconstruction under the Urban Systems Program has been set by Massachusetts Department of Public Works for an April 1988 advertising. The 100% plans have been reviewed three times by both the State Department of Public Works and Federal Housing Authority and should be ready by that date. The project is estimated to cost 1.2 million dollars and will be totally funded with State and Federal funds.

6. The Public Works Economic Development (PWED) grant has been awarded to D & R General Contracting Inc. and work on the project is slated to start in late March or early April of 1988. The work will consist of new street lighting, sidewalks, trees, plantings at the Old Town Hall parking lot, brick inserts, and trash receptacles. It is hoped that the work will be substantially completed before the 4th of July.

7. Some of the bad news for the future was the passage of House Bill No. 5230 by the legislature, requiring RESCO (Refuse Energy Systems Company) to install acid gas scrubbers which, in all probability, require RESCO to close down from 6 months to a year and require the Town to find a dump site during that time. This could as much as quadruple the disposal costs during that period, as well as increase the annual cost for the seven (7) years remaining on the RESCO disposal contract by as much as \$315,000 per year. The State has indicated, however, that these increases will be covered by the State on a reimbursement basis.

8. During November, Mr. James Abely, Town Engineer, submitted his resignation. He has been replaced by Mr. Donald Onusseit and the Department welcomes Mr. Onusseit on board and looks forward to working with him.

For details of what has been accomplished throughout this year, I refer you to the following Division Supervisors' reports.

Respectfully submitted,
RICHARD C. BOUTIETTE, P.E.
Director of Public Works

ENGINEERING DIVISION

It is with great pleasure that I hereby submit a report of the Engineering Division's activities for the year ending December 31st, 1987.

Roadway

- A). Designed and supervised reconstruction of Spruce Street.
- B). The 100% review process for the Main Street Federal Aid Project has been completed. The Mass. D.P.W. expects to advertise the job in January of 1988 and, pending a successful bid, the construction may begin in the spring of 1988. This project, involving reconstruction of Main Street from Salem Street to Lowell Street, has thus far been underway for seven (7) years.
- C). Inspection of the following developments were conducted: Montrose Woods, Elk Spring Drive, Mackenzie Lane Extension, Mansfield Drive Extension.

Sanitary Sewers

- A). Montclare and Acorn Avenues: Survey, design plans, contracts, and construction supervision of about 710 feet of sewer and water mains.
- B). Sewers located and record drawings produced for the following streets: Atwood Avenue, Redfield Road, Whittemore Terrace, Mt. Pleasant Avenue, Shore Road, Quannapowitt Parkway, Dillaway Street, Sidney Street and Upland Road.
- C). Melrose Avenue: Survey, design plan, contracts, and construction supervision of about 350 feet of sewer main construction supervision of about 350 feet of sewer main. The water main was encountered at various locations during construction and was in poor condition, and therefore was relaid.

Sidewalk

- A). A sidewalk replacement program was initiated this year using monies approved by the Finance Committee. The Engineering Division assembled the contract and supervised construction of the new sidewalk, which totaled some 5,000 square yards. Hopefully, additional money will be allocated in the future to insure the continuation of this much needed program.
- B). A project for revitalization of the Main Street center entitled "P.W.E.D.", (Public Works Economic Development) has been initiated. This division provided design plans and assembled contracts. The project shall include new sidewalks, lighting, benches, trees with tree guards, trash receptables, and other beautifications. Construction is expected to begin in the spring of 1988.

Drainage

Drainage studies involving survey and detail plans were conducted at the following locations:

- A). Oak Street at Acorn Avenue
- B). Ware Street to Michael Road

C). #1268 Main Street

D). #50 Oak Street to Sherman Road

E). #6 Parker Road

F). Drainage located and drawn on record drawings for the following locations: Chestnut Street at North Avenue, Mt. Pleasant Avenue, Bay State Road, Bay Street, Albion Street at North Avenue, Audubon Road, Lake Avenue and Spaulding Street.

Survey

Surveying services were provided as hereby described:

A). A sewer flow-infiltration study was conducted in a block of streets consisting of Gould St., Lake St., Maple St., Foundry St., Albion St., and North Avenue.

B). A sewer flow study was conducted on a sewer line flowing northerly from Ballister Street to Albion Street.

C). Vinton Street Ballfield: survey, property lines, topography, and design grades.

D). Services were provided to the Cemetery Department for staking out plots, and also for survey, topography, and design grades for new section development.

E). Dellanno Lane: detail survey

F). Greg Road (Stoneham): detail survey of abutting Town of Wakefield land.

G). Main Street Bypass (Water St. to Richardson St.): elevation profile plan.

H). Perambulation or "verification" of condition and location of boundry markers between Wakefield and Lynnfield.

I). Property line of Eaton Street Extension was established.

J). Property lines of town owned land abutting homes on Appleton Road was established.

K). Property line of Greenwood School land abutting Edmunds Place was established.

Water

A). Service was provided to the Water Department for marking and locating water and sewer mains as required.

B). Linden Street, Main Street Gate Replacement: provided survey, design plan, contracts, and assisted in construction supervision.

C). Montclare and Acorn Avenues: provided survey, design plan, contracts, and construction supervision of about 630 feet of water main.

Miscellaneous

A). Photographic services were provided to various town departments when required.

B). Assembled contract for the demolition of two (2) town owned buildings on Spaulding Street.

At the conclusion of what has clearly been one of the more active construction seasons in recent memory, I wish to thank the Director of Public Works, Division Supervisors, Secretarial Staff of the Department of Public Works, and other Town Officials for their valued assistance throughout the year. Further, I wish to ex-

press special appreciation to my fellow employees of the Engineering Division and James J. Abely, who has since left the Department.

Respectfully submitted,

RICHARD TABB
Senior Civil Engineer

BUILDING DIVISION

Submitted herewith are the major projects undertaken by the Building Division for the year 1987.

Town Hall

Repaired front steps twice, removed snow and ice from steps and walkways, reseeded and loamed lawn, removed sink and faucets, repaired burners, leaking baseboard and two (2) low water safety shut offs. Removed all phone system and installed new sentrex system. Added two (2) new custodians and prepared budget.

I would like to take this opportunity to thank the Director of Public Works, The Divisional Supervisors, the Secretarial staff of the Department of Public Works and other town officials for their assistance and understanding throughout the year. I would also like to thank the members of the Department of Public Works for their cooperation and assistance throughout the year 1987.

Respectfully submitted,

RICHARD TESTA
Buildings Specialist

FORESTRY AND PARK DIVISION

It is my pleasure to inform you of the maintenance program of the Forestry section during 1987.

The normal winter schedule consists of snow plowing of our public roadways and sidewalks and the tree trimming and removal of hazardous trees.

Estimated requests received and completed by this division during 1987 were 288.

Estimated public shade trees removed for this year were 85.

For the first time in several years, this division had received an appropriation of \$3,900 for the specific purpose of shade tree plantings. In mid fall we were able to purchase 74 nursery stock trees, and plant them within our public ways. Many locations were at residents' requests. It is my hope that continued funds for shade tree planting will be available next year and for future years.

The park crew has its routine winter schedule of snow and ice emergency work, primarily sidewalk plowing for the safety of school children, and assisting the cemetery division with plowing of the roadways at Forest Glade Cemetery, as well as winter interments.

In early spring, the park personnel were scheduled to do major grading of ball diamonds, and hauling new clay washings in preparation of permit scheduling of all baseball, softball and little league usage, by both private leagues and the school department's physical education programs.

The park crew, with its summer help, is also responsible for roadside and sidewalk area, grass and weed mowing of our public ways and intersections, primarily those streets where children walk to school. With the addition of a larger 7 gang tractor mower, the park crew will be able to maintain the sixty odd acres of playground and park areas more efficiently.

Under the State's clean water act, the Department of Public Works procured a new weed harvester and conveyor trailer, to maintain the aquatic weed problem in Lake Quannapowitt.

In conclusion, I would like to thank the Park Avenue area residents for their donations, through the efforts of Charles Coolidge, 8 Park Avenue, whose interest made possible the beautification of the large island at the intersection of Clarina Street and Park Avenue.

Respectfully submitted,

ROBERT J. BELANGER, Supervisor
Forestry, Park & Cemetery Division

CEMETERY DIVISION

I am pleased to inform you of the maintenance program of the Forest Glade and Old Church Street cemeteries for the year ending December 31, 1987.

During the winter season little maintenance can be accomplished other than opening graves for interments and funeral services, snow plowing cemetery roadways, snow removal for each interment location, painting new rubbish containers, and the reassignment of snow and ice emergency work.

Early spring schedule consisted of preparing the late fall and winter grave interments with new loam and seeding, the completion of all monument foundation orders and government flush markers, general winter cleanup, repairs of plow damage of the cemetery grounds, grass mowing and trimming in preparation of Memorial Day observances and request work orders and complaints.

In conclusion I would like to thank those funeral directors and monument companies whose clients and customers have received the best care and interest of the families and residents who have purchased property at Forest Glade Cemetery.

The following represents our services and revenues for the year 1987:

Interments 1987	164
Sales of Service Revenue	\$53,740.75
Sale of lots and graves	\$30,525.00
Perpetual Care	\$41,060.00

Respectfully submitted,
 ROBERT J. BELANGER, Supervisor
 Cemetery Division

HIGHWAY DIVISION

This has been a year primarily devoted to maintenance by this Division. We feel that the major need of the Town is one of maintaining our existing facilities, which is becoming a problem of ever-increasing magnitude.

The increasing numbers of heavy traffic has hastened the deterioration of our major arteries and some secondary roads. New roads and subdivisions are adding to the list of streets, drains, and sidewalks to be maintained by the Highway Division. I must state that the preventive maintenance schedule of the Division has been a prime factor in great savings to the Town in respect that the facilities do not reach the stage of complete reconstruction.

With this in mind, I hereby submit the report of work accomplished by this Division for the year 1987.

Street Maintenance

Normal patching as required for maintenance, resurfacing (Stone Chip Seal and Slurry Seal) and Bituminous Concrete in conjunction with Chapter 90 overlay program was completed.

The Highway Division performed more preparation of streets this year than ordinarily would be done. This figure will reflect on the coming years paving and sealing program, as more streets will be maintained.

The following streets were under construction by Contractors:

Montrose Woods Subdivision	
Gumwood Lane	1150 L.F.
Butternut Road	650 L.F.
Andrews Road	1075 L.F.
Andrews Circle	225 L.P.
TOTAL	3100 L.F.
Mackenzie Lane Extension Subdivision	170 L.F.
Spruce Street Reconstruction	850 L.F.

Sealcoating Inc. of Hingham, MA, slurry sealed the following streets:

Maple Way	Madison Avenue
Greenwood Avenue	Francis Avenue
Pine Street	

Crackseal

Twenty streets, in all sections of Town, received an application of Hot Rubberized Asphalt Crack Sealer. 4,200 gallons with the fibre additive were applied by the Contractor, Sealcoat Inc. of Hingham, MA.

Street Sweeping

The business section was swept twice each week from April to December (weather permitting). All streets were swept of any leaves and sand in the spring and fall and re-swept as often as necessary during the summer months. The sweeping is contracted to Waste Management of Boston North, Woburn, MA.

Traffic Lines

The following line painting was completed by Standard Line Paint Company, Taunton, Massachusetts:

150,000 L.F.	4" Centerline
17,000 L.F.	4" Edgeline
1,500 L.F.	12" Stop Line
16,400 L.F.	12" Crosswalks
24	Directional Arrows
90	24" Letters
20,000 L.F.	4" Parking Lines
9	6' Traffic Circles
10	Railroad Crossings
	Markings

Patching

All permanent patching of water and sewer trenches is done by the Highway Division.

The department also permanently paved all of the Municipal Light Department gas and electric trenches in all sections of the Town.

Sidewalk Maintenance

Deteriorated and cracked concrete sidewalks were repaired in all sections of Town.

Sidewalk maintenance was performed on the following streets:

Eunice Circle	Aldrich Avenue
Muriel Avenue	Nelson Avenue
Chapman Road	Benedetto Circle

Traffic and Street Signs

This year we installed or replaced the following signs:

Replaced traffic signs	62
New poles replaced	43
Street signs replaced	92

Berm and Curbing

410 L.F. of slope curbing was laid at the island on Park Avenue, 380 L.F. of 5' granite curb was laid on various streets. 3,500 L.F. of bituminous concrete berm was installed in various sections of Town.

Drain Maintenance

A total of 37 catch basins were repaired in sections of the Town. 12 manholes were also repaired.

The Highway Division continually maintains the brooks and culverts by digging, widening and the cleaning of brush and debris. This year we cleaned approximately 4,000 L.F. of brooks.

2,000 manhole and catch basins in the drainage system were cleaned of leaves and debris; some were cleaned twice. This service is contracted to Waste Management of Boston North, Woburn, MA.

501 requests for berm installation, repair to signs, sidewalks, streets, and drains were performed.

Four (4) catch basins, two (2) manholes, and 350 L.F. of 18' R.C. pipe were installed at Nahant Street and Birch Hill Avenue. 120 L.F. of 12" R.C. pipe, two (2) catch basins and one (1) manhole were installed at the traffic island on Park Avenue.

Winter Schedule

The Department's winter schedule consists primarily of jobs relating to snow and ice control. Snow fence was installed and maintained at the Lower Common and at the head of the lake on Main Street.

107 sand barrels are placed in areas at hills and intersections where icing may exist on the pavement. This is a service to motorists in emergencies. The barrels are maintained and filled with sand during the winter season.

Brooks, catch basins and culverts are cleaned to alleviate the possibility of flooding in early spring.

All personnel maintain plows, sanders, and chains between sanding and plowing operations. All streets are checked for pot holes

Refuse Collection

In 1987, approximately 12,638.00 ton of refuse was delivered to the R.E.S.C.O. Resources Recovery Plant in Saugus for disposal. Unit costs of R.E.S.C.O. was \$20.49 per ton for disposal.

In closing my report, I would like to take this opportunity to thank all Public Works' employees, all Division Heads and our office staff for their cooperation and assistance throughout the year of 1987.

The Highway Division, as well as the rest of the D.P.W., wishes Foreman George Smith and Arthur DiDonatis a long and enjoyable retirement. These two men have accumulated over 70 years of loyal and dedicated service to the Highway Division of the Town of Wakefield. They will be missed.

Respectfully submitted,

RALPH P. DeCECCA, Supervisor

The 1987-1988 School Committee year proved to be an extremely busy one. The School Committee welcomed two (2) new members to its ranks, Patricia Carisella and Kathleen Cranley, congratulated John Encarnacao on his re-election, wished success for former members Warren Magoon and H. Steven Welford. Paul Bettano and Patricia Maher were elected Chairman and Secretary, respectively. The following subcommittees were appointed: Policy, Negotiations, Cable T.V., Warren School Study Committee, the Task Force on Space Needs, Secondary Education and Health Education.

Much of the attention of the School Committee and administration centered on the Task Force on Space Needs. The Task Force was charged with studying increasing elementary enrollments and the elementary classroom space needs of the school system. The space needs study was conducted in three (3) stages.

Stage one (1) focused on the possible reopening of the Warren School as an elementary school. Estimates obtained from architects and engineers placed a price tag in excess of \$1.5 million for a complete renovation which would comply with state building code regulations and School Board Assistance Bureau requirements necessary for reimbursement eligibility. After serious study, the Task Force on Space Needs recommended that the Warren School not be reopened. The School Committee adopted this recommendation on August 25, 1987. A subcommittee was appointed to examine various options for possible use of the Warren School. These include office space for School Department administration, a magnet school, housing for the elderly, and an annex for the Town Hall. The Superintendent of Schools, Dr. Stephen F. Maio, is presently exploring the possible renovation of the building by students from the Northeast Regional Vocational School.

The next stage of the space needs study focused on three (3) options designed to bring about a lasting solution to the problem of overcrowding in Wakefield's elementary schools. These options included:

1) Option 1: Maintaining the current k-5 elementary organization with reorganization of half of the town's kindergartens at the Woodville School.

2) Option 2: Establishing primary, grades k-2, and intermediate grades 3-5 elementary schools.

3) Option 3: Establishing a centralized grade 5 and 6 elementary school.

The Task Force held a public hearing at Wakefield High School concerning these three (3) options. A portion of the hearing was reserved for comments from the faculty. The Task Force on Space Needs submitted Option 3, Centralization of grade 5 at the Atwell School to the School Committee which adopted the recommendation on October 20, 1987.

The final stage of the Space Needs study involved the development of implementation plans for the centralization of grade 5. The Task Force considered three (3) options:

- 1) Option 1: Moving of the Atwell Elementary School students to the local schools.
- 2) Option 2: Phase out of Atwell Elementary School
- 3) Option 3: Maintain Atwell Elementary School with centralized fifth and sixth grades

The Task Force, after lengthy deliberations which included a second public hearing, submitted the recommendation of phasing out the Atwell Elementary School to accommodate the centralized fifth grades. This recommendation was adopted by the School Committee on January 5, 1988.

The School Committee is deeply grateful to the members of the Task Force for their dedication and hard work in shaping the space needs study. The School Committee publicly commended members of the Task Force: John Encarnacao, chairman; Paul Egan, Beverly Elcewicz; Dr. Chester Lee; and Patricia Maher; also advisory members Richard Boutiette of the Department of Public Works and Constance Cardillo of the Executive Council of School Presidents. The Committee also expressed its deepest thanks to Dr. Stephen F. Maio, superintendent of schools and Margaret McGrath, principal of the Atwell/Hurd Schools for their hard work and assistance.

1987 also saw extensive studies begun by the Task Force on Secondary Education on declining enrollments and their impact on educational programs at the junior and senior high schools. The Task Force on Health Education began the initial stages of development of a comprehensive health education curriculum, including AIDS education for implementation systemwide. The Wakefield Public School system is well prepared to deal with AIDS in other areas as well, including the adoption of an attendance policy for students with AIDS; the development of a similar policy for employees; and training seminars for all school department employees.

The School Committee would be remiss if it did not express its deepest thanks to the many teachers, administrators, clerical, custodial and cafeteria people as well as the many coaches, aides and volunteers who have contributed so much to the quality of education in Wakefield. It would take far too many pages to list all of these individuals and their many contributions and efforts on behalf of our children. However, we remember them each and every day throughout the year.

The School Committee extends its best wishes for happy and healthy retirements to staff members Dr. Joseph Sardella, Frank Charbonneau, Dr. Roberta Simmons, William Robinson, Michelina McCarthy, Laurent Benoit, Claire Sweeney, Robert O'Brien, Mary Lally, Anne Knight, Joseph Pothier, and Eugene Maher.

The School Committee was deeply saddened by the passing away of the follow-

ing colleagues and friends: Kathleen Enfanto, Harold Staunton, Constance Doyle, Ruth E. Hickey, Marilyn J. Bryant and Catherine Doran.

Respectfully submitted,
PAUL BETTANO, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE WAKEFIELD SCHOOL COMMITTEE

The school administration and staff studied classroom space needs for elementary schools anticipated through 1997; requirements of Chapter 188, the School Improvement Law, including the Basic Skills testing program and Horace Mann Grants; and improvements in the educational program highlighted by curriculum revision and research on effective instructional techniques.

Elementary Classroom Space Needs

Following the School Committee directive to develop elementary enrollment projections using available census data and statistical projective techniques, the principals worked with the Task Force on Space Needs. Elementary school enrollments grades kindergarten to grade six were projected to increase from the present 1,748 students to 1,933 students in 1991. In the same period secondary school enrollments grades seven through twelve will decrease from 1,538 students to 1,235 students. The School Committee made this information available at two (2) public hearings and at regular meetings of the School Committee. Once the School Committee directed the Task Force on Space Needs to develop an implementation plan to centralize fifth grade students at the Atwell School and thereby make spaces available in the elementary schools for the projected enrollments, the administration developed an Educational Plan. This plan for the grade five students at the Atwell School is modeled after the very successful sixth grade program. Atwell teachers of grade five students will work together in teams. The fifth grade program will be an elementary program utilizing the classrooms at the Atwell School. It is anticipated that the organization of the Wakefield School system for at least the next ten (10) years will include kindergarten through grade four at the neighborhood school level; grades five and six at the Atwell School; grades seven and eight at the Junior High School; and grades nine through twelve at Wakefield High School. According to this plan, approximately twelve (12) classrooms need to be constructed at the Atwell School and six (6) new classrooms at the West Side schools.

The Yeuell School was opened in 1987 to relieve overcrowding at the Greenwood School and to provide for classroom space in the Greenwood/Yeuell area for the next ten (10) years with grade five classes centralized at the Atwell School. Dr. Lee, deputy superintendent of schools, is serving as principal of the school until such time as a new elementary principal is appointed.

Chapter 188: The School Improvement Law

The requirements of Chapter 188 continue to influence the School Department in curriculum and instructional areas. The section of the law which requires an evaluation system of professional staff members had little effect on Wakefield as the current evaluation system for administrators and teachers needed very little modification to meet the requirements of the statute. The testing component of

the School Improvement Law requires Basic Skills Tests be given to grades three, six and nine each year and assessment tests, tests of curriculum, be administered every two (2) years to grades three, seven and eleven. Starting in 1988, assessment tests will be administered to grades four, eight and twelve.

The results of last year's Basic Skills tests are as follows:

Summary of Basic Skills Test Results		Percent of Students Passing With a Grade Higher than 60%
Grade 3	Reading	100%
	Mathematics	99%
Grade 6	Reading	92%
	Mathematics	95%
Grade 9	Reading	94%
	Mathematics	92%
Writing		
	Montrose — Grade 3	92%
	Dolbeare — Grade 3	100%
	Doyle — Grade 3	100%
	Franklin — Grade 3	93%
	Greenwood — Grade 3	98%
	Hurd — Grade 3	100%
	Walton — Grade 3	100%
	Atwell — Grade 3	88%
	Atwell — Grade 6	97%
	Grade 9	92%

The Horace Mann Teachers' Grant Program offered by Chapter 188 to participating towns, was adopted by the School Committee. The following teachers were appointed to Horace Mann positions and accomplished instructional, organizational and special programs during the 1986-87 school year: Dr. Richard Ciampollilo, Problem Solving, Thinking and Critical Thinking 7-12; Margaret Crabb and Mary Steets, Positive Attitudes Toward School — P.A.T.S.; Daniel Blanchard, Bicentennial of the Constitution, "Constitution 200"; Stephanie Klove, Language and Culture in the Elementary Schools, K-6; Terrance Fuller, Development of Local Norms for the Peabody Individual Achievement Test 9-12; Sally Freeman, Substance Abuse Education K-6; John McLaughlin, Parenting Skills Systemwide; Robert Dodd, Junior High School Drop Out Prevention; Grade Level Curriculum Revision: Mary Daiopulos, Kindergarten; Florence Martin, Marianne Herlihy, Kathryn Palumbo, Grade 1; Priscilla Sorensen, Joan Snell, Grade 2; Camille Harris, Grade 3; Mary Marshall, Grade 4; Dr. Daniel Shoreman, Grade 5; and Maryann Chisholm, Grade 6; Scott Lang, General Students 7-12; James Murphy, John Marrs, Dr. Thomas Belote, Application of the Computer to the Curriculum. The following teachers were appointed to Horace Mann positions for the 1987-88 school year: Dr. Daniel Shoreman, Reading and Writing Around the Curriculum; Maura Buckley, Instruction in Reading Strategies and Individual Learning Styles at the Elementary Level; Robert Burk, Integrated Software for the Teacher; Joan Rossi, Individual Assessment Battery for Elementary Students; Marie Funk, A Nature Trail for Wakefield Schools; Susan McDonough, A Research Paper; Jane Farrar, Health Education Issues; Sharon Kellar, Educational Assessment for Team Evaluation; Ronald Chibaro, Teacher of Dramatics, Wakefield Junior High School; Joan Snell, Teacher

of Dramatics, Elementary Schools; Kahris McLaughlin, Multicultural Program in the Elementary Schools; Virginia Brodeur, The Coordination of Health Curricula with Existing Curricula 7-12; Mary Marshall, Horace Mann Teacher for School District Collaboration; Dennis O'Leary, Susanne Conway and Arthur Beebe, Collaboration Among School Alternative Programs; Stephen Turner and Robert Dodd, Attendance Improvement Project; Maryann Chisholm, Literature Development; and Cherrie Dubois, Communications Among Staff, Students, Parents, Administration and School Committee.

Educational Programs

The School Committee has expanded the use of summer workshops as a time for teachers to modify and/or update existing curriculum. A kindergarten through eighth grade study of the history of Wakefield was instituted in April 1987. The program geared specifically to each grade level K-8 highlights the development of Wakefield historically and sociologically. All of the elementary teachers and the Junior High social studies staff are very enthusiastic and are planning to complete the total curriculum in the summer of 1988.

The administration and staff proposed and the School Committee approved a new science curriculum for the elementary grades kindergarten through grade six. This study has been ongoing for two (2) years. The new program provides a balance of textbooks and laboratory experiences for elementary age youngsters. The School Committee also approved a new penmanship program created by Franklin School teacher, Mary Shea.

The Junior High Social Studies Department revised its curriculum for all grade seven and eight students. The changes were designed to challenge and inspire students of all ability levels and to focus on geography and American history.

The Mathematics Department of Wakefield High School has made available computer programming to all students and is currently in the process of designing follow-up courses. The department has also begun to give standardized achievement tests to all high school algebra and geometry students. The Mathematics Team at Wakefield High School competes monthly in a nine team division. Last year the Wakefield High School Mathematics Team finished third in its division.

The Business Department of Wakefield High School is offering word processing to sophomores. Wakefield High students can now take three (3) years of word processing and will be highly trained to do any job in business requiring this technology. The Distributive Education program, which is also part of the Business Department, is growing rapidly. College students are taking marketing and fashion merchandising. Fashion merchandising classes take field trips and spend a day in New York each year. They visit Trump Towers, Macy's and shops along Fifth Avenue to learn firsthand about marketing and merchandising methods. Many guest speakers from specialty shops have visited the class this past year. The culmination of the year's activities was the student organized fashion show. The Distributive Education store has been expanded through a federal grant and will offer more merchandise to students and faculty.

Music and drama continue to grow with more students participating in quality performances at Wakefield High School. The Marching Band is an all volunteer program now. It won second place in its division at the MICA Show Band Festival held in October of 1987 at Sullivan Stadium, Foxboro.

The all new Drama Club prepared five (5) programs to the delight of Wakefield audiences. *Godspell* was played to capacity audiences at the High School cafeteria

on five (5) separate occasions. The Drama Club began the 1987-88 school year with the very compelling *Diary of Anne Frank*.

A new program in health education has started for juniors. Important health topics are presented monthly to junior students. Topics dealing with drug and alcohol abuse, smoking, nutrition and sex education are presented by consultants in the field. Health education programs are now continuous through the school system from K-11.

After School Activities programs continue at the Greenwood and Franklin Schools and at the Atwell and the Hurd Schools. In the future it is anticipated that After School Activities Programs will be available in all of the elementary schools and the Junior High. A variety of activities are provided for the youngsters at a very reasonable cost. These programs continue through the late afternoon. Parents are charged reasonable tuition. After School Activities are not supported by the regular budget.

Cultural Arts programs make an important educational impact on the education of the students. These programs sponsored by the Executive Council of School Presidents provide valuable creative and cultural arts experiences. The administration is very grateful to Joan Dumont for her continued assistance in planning these activities and to Margaret McGrath, principal of the Atwell/Hurd Schools, for her assistance in the coordination of the programs.

The School Committee considered the research on early childhood education and increased the age required for students entering kindergarten and grade 1. Beginning in 1989, students must be give (5) years old by August 31 to enter kindergarten and six (6) years old by August 31 to enter grade 1. The School Committee also established the formation of a Transitional Grade 1 class. This developmental class will assist youngsters not quite ready to enter Grade 1.

The television interconnect system with Reading has begun pilot programs. Students in Reading and in Wakefield are able to see and hear each other and the teachers at either site during educational programs. This past year, Joanne Cosentino, an English teacher at Wakefield High School, taught study skills to both Wakefield High students and Reading High School students in their respective schools over the television interconnect system. In the winter of 1988, Reading High School will transmit a course in literature over the same system. Lowell University continues to be extremely generous in assisting Wakefield in this pilot project.

Thirty (30) volunteer teachers systemwide have joined in workshops designed to provide training in the Process Writing approach. Students are required to write, revise and proofread all compositions in a systematic program of writing instruction that research has proven to be an effective system of teaching writing.

The School Committee has created the position of Curriculum Coordinator and plans to appoint a curriculum specialist to this position in the spring of 1988.

Wakefield's average class size in the elementary schools is 21.5 per class in grades kindergarten through grade six.

Wakefield's per pupil cost as recorded in the most recent calculation of the State Department of Education is \$4,077 per student to the State of Massachusetts average of \$3,488 per student.

The 1987 graduates of Wakefield High School have reported that they are involved in the following education, work or other programs.

Contract Settlements

Contractual negotiations with the School Department's five unions started in early 1987 and continued for seven months. At the time of this writing, four contracts have been settled including the teachers, for the next three years.

School Plant Management

During the 1986-87 school year the School Department had a new roof constructed on the Woodville and part of the Yeuell School, resurfaced the Hurd playground, and removed asbestos from the Dolbeare, Hurd, Walton, Yeuell, Franklin, Montrose and High Schools. The School Committee also authorized the replacement of boilers at the Franklin and the Hurd Schools and with financing from an energy grant, installed storm windows in the Franklin, Greenwood, Woodville, Hurd, and West Ward Schools.

The School Department has embarked on a system of installing security alarms in all schools and painting continues on a yearly schedule. The interior painting of the Doyle and the Yeuell was accomplished last spring as well as the exterior of the Greenwood, Montrose and Woodville Schools.

The Finance Committee has been sensitive to School Department needs. The School Committee and the administration continue to be grateful to the Finance Committee for its serious consideration of the needs of an aging school plant.

Report of the Board of Trustees Lucius Beebe Memorial Library

The Board of Library Trustees continues to interact with the Director and Staff to maintain quality library services to the Town.

Changes in the Board this past year include the March election of Judith Beers and the re-election of Mary Vincent and Elsie Donovan.

Newly elected officers include: Chairman, Elsie Donovan; Vice-Chairman, Kevin McConville; and Secretary, Cornelia Rawson. Due to the relocation of Vice-Chairman Kevin McConville, Sheila Badolato was appointed to the Board in November.

New and revised policies adopted include:

- A revised policy on sales in the library
- Revised fine policy for overdue materials
- Policy regarding the activities of the Friends of the Library
- Video cassette selection, circulation and operation policies
- Reference materials selection policy

Trust fund appropriations were used:

- To fund Author/Illustrator Day featuring Patricia Giff
- To fund Susan Lynn, puppeteer (Youth Room)
- To provide resources for the summer children's programs
- To fund lectures by authors James Carroll and Alexandra Marshall
- To sponsor a lecture by author Cynthia Griffin Wolff
- To fund a December show by the Gerwick Puppets (Youth Room)
- To sponsor storyteller Julius Lester
- To fund a magician/dentist Dr. Trix

This year, the Board worked closely with the Friends of the Library. New bylaws were created and membership was encouraged. To promote interest in this group, storyteller Judith Black entertained families on a Sunday afternoon and a trip to *Les Misérables* was planned. The Friends work long hours each year at their book sale to provide supplementary funds for the library. The Board of Trustees appreciates the continued support from this group.

The Board wishes to thank all of the volunteers who spend their valuable time helping with various library programs and services.

The Lucius Beebe Memorial Library continues to be an outstanding community resource and a role model for other public libraries. Credit is to be given to the Director, Assistant Director and Staff for a job well done.

Respectfully submitted,

REPORT OF THE LIBRARY DIRECTOR

For Massachusetts public libraries, 1987 is notable for the passage of "An Act To Improve Public Libraries," the most significant piece of library legislation in two and a half decades. Through a variety of programs, the Legislation recognizes the state's role in funding local libraries.

Professionally, 1987 has been a notable year for staff training and development. Few aspects of library services have been untouched by automation, and library employees are required to master new skills at a much faster rate than in previous years.

Fortunately, Beebe Library's opening for an Assistant Director was filled before this writer began a term of office as President of the North of Boston Library Exchange, Inc. (NOBLE), the organization which provides the computer services that support most library operations and provides resource-sharing capabilities.

Technically and organizationally, NOBLE has grown in complexity. NOBLE is currently administering one federal, three state, and one regional grant, totaling over 500,000, and has submitted proposals for over \$900,000 in grant money for fiscal year 1989. The resultant service improvements include the capability to replace card catalogs with online catalogs, a transition Beebe Library patrons will experience over a period of years.

Capital Outlay

As budgeted, the library replaced the air cooling system's deteriorated water tower. The building's burglar alarm system has been significantly extended and a new fire alarm system installed. A contract has been awarded for replacing the carpeting in the Youth Room.

No bids were received the first time the library advertised the job of replacing the brick work of the Main Street Plaza. The library is again soliciting bids.

SHARON A. GILLEY
Library Director

Children's Services

For many children, pre-school story hours are the first introduction to the library and to books. With the assistance of volunteers and supplemental staff who expand the number of programs offered, the library struggles to meet the demand for this service.

Recommended reading lists, one for each grade, were distributed to elementary school children as the summer began. Parents and teachers are welcome to recommend their favorites, new and old, for inclusion in future editions.

The substantial increase in the number of participants in the summer reading program was perhaps attributable to a very popular theme, *Dinosaurs*. There were about one-third more participants and more books read than last year. Support from classroom teachers and parent involvement are probably most influential in getting children involved in summer reading.

The Library sponsored a number of special events in connection with the summer reading program: a scientific program on dinosaurs and a puppet show on the dinosaur theme. Children made dinosaur masks, dinosaur hats, and beautiful hand-screened T-shirts featuring, of course, dinosaurs. In the end, all participants celebrated with a party.

The library was delighted to offer Patricia Giff as this year's visiting author.

All third grade children were brought to the library for her talk. Giff's books are in such demand that they qualify as children's best-sellers. This opportunity to hear a real writer is a cooperative effort of the Library Trustees, the School Department, and the Parent-Teacher Organizations.

Cooperation with the schools enables the Youth Room to exhibit students' lively and bright art work, and to provide booklists coordinated to the curriculum.

The video collection for children and parents started this fall has been very active since the first piece arrived.

ISABEL WILBER
Senior Librarian

Young Adults' Services

The Library has had over the last calendar year several successful programs tailored for adolescents.

The Babysitting Clinic, conducted by Lynn Reveno of the Melrose-Wakefield Hospital, continues to be an event that draws enthusiastic young people. Thirty-five individuals registered this year, requiring that two clinics be held.

The Pen Pal Program also is a rewarding experience for Wakefield teens. Many are writing letters to New Zealand, Canada, and Taiwan.

Two new programs were conducted in conjunction with the summer reading program. The Monopoly Tournament attracted fifteen participants. This was not enough to qualify for the state tournament, but more than enough for a good time. Parker Brothers, Inc. of Salem, Massachusetts donated the games. Wakefield native and New England's Checker Champion Bill Wheeler graciously came to the library to assist teenagers in improving their skills in both checkers and chess. He also was well-received.

The Young Adults' Department has provided service to the Special Needs class of the Wakefield Junior High School. Once each month during the academic year, these students come to the library to see films and select books.

The Wakefield Women's Club, as part of their community services project, gave the Young Adults' collection a book entitled *Teen Suicide: A Book For Friends and Family* by Kolemarnien.

Adults' Services

The Adult Literacy Workshop, sponsored by the library, received a \$7,000 grant from the Massachusetts Board of Library Commissioners. The money was used to purchase instructional material including cassettes and recorders for the students and to provide training workshops for the tutors.

The library has had a successful Adult Literacy Workshop for the past 15 years. The recent national campaign for literacy has attracted new students and tutors to the program. The students have been adult non-readers, or those learning English as a second language. Joan Keech and her assistant, Takouhie Kefeyan, coordinate the program and supervise the volunteer tutors.

Cynthia Griffin Wolff, biographer of Emily Dickinson and Edith Wharton, told an audience of approximately 100 people that biographers often rely on "funny hunches" to lead them to new revelations about their subjects' lives. She shared

her insights about the two women writers in a lecture sponsored by the Board of Library Trustees.

Sister Margarita Marchione, professor at Fairleigh-Dickinson University, lectured on "Philip Mazzei and the American Constitution." This lecture was sponsored by the Board of Library Trustees, The Massachusetts Commission for Humanities and Public Policy, and the Italian Lyceum.

Respectfully submitted,
CHARLOTTE THOMPSON
Librarian

Home Delivery Service

Homebound use of the Home Delivery Service at the library has increased this year. This program sends books, delivered by volunteers, to those who are unable to come to the library.

The library is grateful to all the volunteers for their participation in bringing reading pleasure to people who are in need of this service. Volunteers for 1987 were: Linda Connolly, Sara DiPerri, Kristin Henshaw, Debbie Judge, Nancy Kearns, Esther Nowell, Patricia Retalic, Gail Shevlin, Elinor M. Smith, Ellen Theurer and Kathy Young.

BEATRICE WHEELER
Librarian

Technical Services

Wakefield residents continue to enjoy the benefits of the library's participation in the North of Boston Library Exchange (NOBLE), an automated network of 16 public, 5 academic, and 2 special libraries. The computer system allows library staff to quickly search the holdings of member libraries to located needed material. Through the process of datalink, staff are also able to search the databases of the nearby Minuteman Library Network and Merrimack Valley Library Consortium to locate material needed by Wakefield patrons.

NOBLE, Minuteman and Merrimack Valley are currently undergoing a grant-funded database enhancement. This project will provide participants with a bibliographic database in the MARC format. MARC is the format used by the Library of Congress and all major systems and vendors. Compliance with this national standard ensures complete and consistent records, and provides the capability for more sophisticated searching. This database will eventually serve as an online catalog, accessible from terminals provided for public use.

Respectfully submitted,
ELIZABETH THOMSEN
Head of Technical Services.

Report of
MUNICIPAL LIGHT DEPARTMENT

Report of the Municipal Light Department

To the Citizens of the Town of Wakefield:

Our ninety-fourth Annual Report of the Municipal Light Department covers the fiscal period July 1, 1986 to June 30, 1987.

The total electric sales increased by 5% over fiscal 1985/86. However, our balanced power supply kept the total increased purchased power cost at a 3% level. The operation of Millstone #3 for the entire fiscal year was the major contributing factor in the low purchased power increase.

Our total gas sales for fiscal 1986/1987 increased by nearly 5% over fiscal 1985/1986. In contrast, purchase gas costs were 15% below our previous year's average, which, in turn, reduced the average cost to our customers. We are continuing to upgrade our gas system to meet the needs of all our customers and expand the number of customers that we may serve.

CONTRIBUTORY RETIREMENT BOARD

SPECIAL TOWN MEETING

JANUARY 26 , 1987

The Moderator, Mr. Albert J. Turco, called this Special Town Meeting to order at 7:36 P.M. He then recognized Mr. Harry Petrucci, Chairman of the Finance Committee who moved that the reading of the Warrant with the exception of the Constable's return be dispensed with. It was so voted. The Constable's return was read by the Town Clerk.

Mr. Turco then introduced the Junior High School History students who served as pages. The tellers who were duly sworn were then announced.

ARTICLE 1

To see if the Town will vote to accept the provisions of Massachusetts General Laws, Chapter 148, Section 26H, requiring every lodging house or boarding house to be protected by adequate automatic water sprinklers or such other fire depressant systems as are prescribed by the State Building Code, or to see what the Town will do about it.

Wakefield Fire Chief

On motion by Finance Committee:

Voted: Unanimously that the Town accept the provisions of Massachusetts General Laws, Chapter 148, Section 26H, requiring every lodging house or boarding house to be protected by adequate automatic water sprinklers or such other fire depressant systems as are prescribed by the state building code.

ARTICLE 2

To see if the Town will vote to amend Chapter VII of the General Bylaws of the Town entitled "Ways," by adding thereto a new Section 20 as follows:

"Section 20. No person shall obstruct or block a private way with a vehicle or any other means so as to prevent access by Fire apparatus or equipment to any multiple family residential building, industrial property, commercial property, schools or places of public assembly. No person shall obstruct or park a vehicle in any Fire Lane, such Fire Lanes to be designated by the Head of the Fire Department and posted as such, said Fire Lanes to be a distance of twelve (12) feet from the curbing of a sidewalk, or if no sidewalk exists, the distance shall be twenty (20) feet from the front wall of a building. ARTICLE 3

To see if the Town will vote to amend the General Bylaws of the Town by adding thereto, Chapter XXI, to be called the "Wakefield Alarm Bylaw," as follows:

1. **Preamble:** The purpose of this Bylaw is to reduce the number of false alarms and to promote the responsible use of alarm devices in the Town of Wakefield.

2. **Definitions:** For the purpose of this Bylaw, the following definitions shall apply:

A. **Alarm Device** — Any device which when activated by a criminal act, fire, or other emergency, calling for police or fire department response (a) transmits a signal to police or fire department headquarters, (b) transmits a signal to a person who relays information to police or fire department headquarters, or (c) produces an audible or visible signal to which the police or fire department are expected to respond. Excluded from this definition and the scope of this Bylaw are devices which are designated to alert or signal only persons within the premises in which the device is installed and devices which are activated by the release of water from a sprinkler system.

B. **Alarm User** — The owner of any premises on which an alarm device is used; provided that an occupant who expressly accepts responsibility for an alarm device by registration pursuant to Section 5 shall be deemed the alarm user.

C. Automatic Dial Alarm — A telephone device or attachment that mechanically or electronically selects a telephone line to police or fire headquarters and produces a prerecorded voice message to report a criminal act, fire or other emergency calling for police or fire department response. Excluded from this definition are devices which relay a digital-coded signal to police or fire headquarters.

D. Contractor — Any firm or corporation in the business of supplying and installing alarm devices or servicing the same.

E. False Alarm — Any activation of an alarm device to which the police department or fire department responds and which is not caused by a criminal act, fire or other emergency, except an activation caused by (a) malfunction of telephone company equipment or lines as verified by monitoring facilities at police or fire headquarters, or (b) power failure as verified by the administrators. A series of such activations attributable to the same cause and occurring under circumstances beyond the control of the responsible alarm user, shall be deemed a single false alarm.

3. Administrator: There shall be in the town, administrators for alarm devices who shall have the powers and duties granted under this Bylaw. The Chief of Police or his designee, and the Chief of the Fire Department or his designee, shall be the Administrators under the direction and control of the Board of Selectmen, which is authorized to adopt regulations for the administration of this Bylaw.

4. Alarm Appeal Board: There shall be in the Town, an Alarm Appeal Board which shall have the powers and duties granted to it under this Bylaw. The Alarm Appeal Board shall consist of the Board of Selectmen.

5. Registration Required: Each alarm user shall register his alarm device with the appropriate administrator prior to use; provided that alarm devices in use as of the effective date of this Bylaw may be registered no later than sixty (60) days from such date.

6. Registration Procedure: Alarm device registration shall be accomplished by filling out a form provided by the appropriate administrator to include such information concerning the identity of the prospective alarm user, the identity of the alarm user's contractor, if any, and the nature of the proposed alarm device as the administrators may require. The Administrators shall issue the alarm user written acknowledgment of proper registration. It shall be the responsibility of each alarm user to notify the appropriate administrator in writing of changes in registration information.

7. Confidential Information: All information in the possession of the Administrators, the Police Department or Fire Department concerning particular alarm users and particular alarm devices, shall be confidential and shall not be divulged without the written consent of the alarm user or users concerned.

8. Automatic Dial Alarms: No automatic dial alarm may be installed after the effective date of this Bylaw without the prior approval of the appropriate administrator. Within six (6) months after the effective date of this Bylaw, all automatic dial alarms presently in use shall be reprogrammed to dial a designated number within the police or fire departments. The automatic dial alarm shall be regulated so as not to repeat the message for more than two (2) times. Service for having automatic dial alarms reprogrammed and regulated shall be at the expense of the user.

9. Exterior Audible Devices: Unless required by law, no alarm device which produces an exterior audible signal shall be installed unless its operation is automatically restricted to a maximum of fifteen (15) minutes. Any alarm device in use as of the effective date of this Bylaw must comply with this section within one hundred eighty (180) days of such date.

10. False Alarm Charges: When the police department or fire department has

responded to a false alarm, the appropriate administrator shall impose a charge on the responsible alarm user according to the following schedule:

For the first two (2) false alarms within the Town's fiscal year	No charge
For the third and subsequent false alarms with the Town's fiscal year	\$25.00

There shall be no charge for the first false alarm occurring within one (1) month after installation of an alarm device, and such false alarm shall not be considered in determining charges in accordance with the schedule set forth herein.

11. Notification and Appeal: The appropriate administrator shall notify the responsible alarm user of any false alarm charge by mail within thirty (30) days. After the mailing of such notice, the alarm user may file with the appropriate administrator, information to show that the alarm was not a false alarm within the meaning of this Bylaw. The appropriate administrator shall consider such information, reaffirm or rescind the false alarm charge, and notify the alarm user of his decision by mail. Within thirty (30) days after the mailing of such notice, the alarm user may file a written appeal with the Alarm Appeal Board.

12. Appeal to the Alarm Appeal Board: Upon receipt of a timely appeal from a false alarm charge, the Alarm Appeal Board shall hold a hearing to consider same and shall mail notice of the time and place of said hearing to the alarm user making the appeal at his last known address, at least fifteen (15) days before the hearing. On the basis of information provided by the alarm user and other information introduced at the hearing, the Alarm Appeal Board shall affirm the charge if it finds that the charge was properly imposed or rescind the charge if the charge was not properly imposed. Each notice of a false alarm charge or the reaffirmation of such a charge by the appropriate administrator shall refer to and provide instructions concerning the alarm users' rights to further recourse by filing information with the administrator(s) or an appeal to the Alarm Appeal Board, as the case may be.

13. Appeal Fees: There shall be a fee of \$10.00 for each appeal to the Alarm Appeal Board. The amount of the fee for making an appeal may be raised or lowered from time to time at the discretion of the Alarm Appeal Board.

14. Charges and Fees Paid Into General Fund: Charges for false alarms and appeal fees will be collected by the administrators and deposited in the General Fund of the town.

15. Responsibility of the Town: Notwithstanding the provisions of this Bylaw, the town, its departments, officers, agents and employees shall be under no obligation whatsoever concerning the adequacy, operation or maintenance of any alarm device or of the alarm monitoring facilities at police and fire headquarters. No liability whatsoever is assumed for the failure of such alarm devices or monitoring facilities, or for failure to respond to alarms or for any other act of omission in connection with such alarm devices. Each alarm user shall be deemed to hold and save harmless the town, its departments, officers, agents and employees from liability in connection with the alarm user's alarm device.

16. Penalty for Certain Violations: Any person who performs, or causes to be performed, any of the following acts shall be subject to a fine of up to two hundred (\$200.00) dollars for each such act:

A. Intentional causing of a false alarm;

B. Failure to register an alarm device or give notice of changes in registration information as required by this Bylaw. Each day of such failure shall constitute a separate violation;

C. Use of automatic dial alarm or an exterior audible alarm device in violation of the provisions of this Bylaw. Each day of such use shall constitute a separate violation; and

D. Failure to pay a charge levied by the administrator acting under Section 11 hereof within thirty (30) days after mailing of a notice of charge, unless reconsideration is sought pursuant to Section 12 hereof. If reconsideration is denied, failure to pay such charge within thirty (30) days of the administrator's decision or reconsideration unless an appeal is sought pursuant to Section 12 hereof, and if an appeal is denied, failure to pay such charge within fifteen (15) days of the Alarm Appeal Board's mailing of its decision affirming the charge.

17. **Enforcement of this Bylaw:** The Town, at the election of the appropriate Administrator, may institute civil or criminal proceedings to enforce the provisions of this Bylaw.

18. **Exceptions:** The provisions of this Bylaw shall not apply to alarm devices on premises owned or controlled by the Town, nor to alarm devices installed in a motor vehicle or trailer.

19. **Severability:** The invalidity of any part or parts of this Bylaw shall not affect the validity of the remaining parts,
or to see what the Town will do about it.

ATTEST: A True Record.

THELMA E. RENNARD
Town Clerk

ANNUAL TOWN MEETING SECOND SESSION, MAY 18, 1987

The Moderator, Albert Turco, called the meeting to order at 7:39 P.M. in the auditorium of the Wakefield Junior High School, 525 Main Street, Wakefield, MA. He welcomed Mr. Casey's Social Studies students and students from Mr. Blanchard's American History class, who served as pages. Mr. Turco announced the tellers who had been duly sworn.

The Moderator recognized Mrs. Booth, who moved for reconsideration of Article 3. The motion was seconded by her husband.

During the discussion of reconsideration, Mr. Sam Benedetto called for Point of Order regarding quorum. The Moderator instructed the Town Clerk to record that he had over-ruled Mr. Benedetto's Point of Order.

The requirement of $\frac{2}{3}$ vote for reconsideration failed.

To see if the Town will vote to amend Chapter XX of the General Bylaws entitled CANINE CONTROL BYLAW, by adding thereto a new Section 15 as follows:

Section 15. Dangerous Dogs: No person, owning or harboring or having care of a dangerous dog, shall suffer or permit such dog to go unconfined on the premises of such person, nor permit such dog to go beyond the premises of such person unless such dog is securely leashed and muzzled or otherwise securely restrained and muzzled. Any person violating any provision of this Bylaw shall have such dog removed from the Town of Wakefield by order of the Board of Selectmen, in accordance with the provisions of Chapter 140, Section 157 of the General Laws of the Commonwealth of Massachusetts.

Definitions:

"Dangerous Dog, as the term is used in this Bylaw, is any dog which, when unprovoked, chases or approaches a person upon the streets, sidewalks or any public area in a dangerous or threatening manner or apparent attitude of attack; or any dog which attacks a human being or other domestic animal one (1) or more times without provocation; or any dog with a known propensity, tendency or disposition to unprovoked attack, so as to cause injury or to otherwise threaten the safety of human beings or domestic animals.

Unconfined, as the term is used in this Bylaw, means such dog is not securely confined indoors or confined in a securely enclosed and locked pen or structure upon the premises of the person described in this Bylaw; such pen or structure must have secure sides and a secure top. If such pen or structure has no bottom secured to the sides, then the sides must be embedded into the ground no less than two (2) feet; such pen or structure must be set back a minimum of twenty (20) feet from the front line of said property and such pen or structure must display

a sign with a warning or symbol that will inform all persons of the presence of a dangerous dog.

Leash and Muzzle, as the term is used in this Bylaw, is defined as follows: (a) Leash — a chain or leather strap substantial in strength to control the dangerous dog. Such leash shall not exceed four (4) feet in length; (b) Muzzle — a device constructed of a strong soft material. The muzzle must be made in a manner which will not cause injury to the dog or interfere with its vision or respiration, but must prevent the dog from biting any person or domestic animal,”

Seventy-Third Annual Report of the Town Accountant

FOR THE FISCAL PERIOD ENDING JUNE 30, 1987

The total cash expenditure processed by the Town Accountant's office amounted to \$111,390,511.12.

The total cash receipts amounted to \$109,553,482.32 which indicates the necessity for serious attention and consideration in this area of the Town's financial program.

The records of the Town Treasurer have been examined and found to be in agreement with the accountant's balances.

The operating cash balance as of June 30, 1987 is as follows:

Revenue Cash	\$ 2,097,432.03
Federal Revenue Sharing Cash	310,087.64
Employees' Group Health Insurance Claims Trust	5,023.30
HUD Community Development Block Grant	2,247.06
Main Street Program Grant	2,378.37

Trust Funds have been checked by examination of Securities, Savings Bank Accounts and Deposit Books.

Funds of the Contributory Retirement System have been verified by examination of Bank Books, Securities, and Checking Account.

Balance was in agreement as of December 31, 1986 with the Accountant's balance. Funds are invested as follows:

Checking Account	\$ 287,323.20
PRIT Capital Fund	11,362,720.07
PRIT Cash Fund	161,570.27

All cancelled, permanent, and temporary loans paid during the year by the Treasurer have been examined and found to be as reported.

A general financial audit of the Town of Wakefield, with the exception of the Wakefield Municipal Light Department, for the year ending June 30, 1987, was performed by Theodore S. Samet & Company, Certified Public Accountants, Chestnut Hill, Massachusetts. Peat, Marwick, Mitchell & Company, Certified Public Accountants, Boston, Massachusetts, performed a financial audit of the Wakefield Municipal Light Department for the year ending June 30, 1987.

The complete financial statements for the Town, together with the reports of Theodore S. Samet & Company, Peat, Marwick, Mitchell and Company, are on file in the office of the Board of Selectmen and are available for review upon request during normal business hours.

JOHN J. McCARTHY
Town Accountant
